

Padlock 90/50 TITALIUM™

Art. no. 90RK/50

Page 1 of 1

Technology

- Lock body made from special aluminium alloy
- Shackle made from high quality stainless steel
- Inner components made from rustfree materials
- Precision pin cylinder
- With integrated shackle guard: makes attacks with bolt cutters difficult
- Double bolted: high resistance against pulling and torsion
- Paracentric keyway makes manipulation difficult
- Key retaining: Key is needed for locking (Lock retains key until locked)

Operation and use

- To secure valuables/goods of greater value or at a high risk of theft
- Ideal for use in severe weather conditions (e.g. in coastal or port areas, to secure objects on vehicles and boats in outdoor use)
- To secure containers, lorries, cellar doors - also in combination with ABUS chains

The all-weather lock
