

## Features

- High tack rubber adhesive
- Extreme tensile strength resistance
- Ideal for electrical insulation and coils banding

## RS PRO Duct Tapes

RS Stock No.: 0315714

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

## Product Description

*High strength single sided glass cloth electrical tape*

- *Electro-insulating applications*
- *High tensile strength*
- *Coils, transformers, electrical motors, electronics devices*

## General Specifications

|                               |                                        |
|-------------------------------|----------------------------------------|
| Colour                        | White                                  |
| Width                         | 19mm                                   |
| Tape Type                     | Single sided adhesive Glass cloth Tape |
| Length                        | 50m                                    |
| Backing Material              | Glass cloth                            |
| Adhesion Strength             | 5 N/25mm                               |
| Maximum Operating Temperature | +130 °C                                |
| Minimum Operating Temperature | -20 °C                                 |
| Thickness                     | 0,18mm                                 |
| Tensile Strength              | >400 N/25mm                            |
| Elongation at break           | >5%                                    |

## Approvals

|               |                      |
|---------------|----------------------|
| Standards Met | REACH & RoHS; UL 510 |
|---------------|----------------------|
