- **Provided in a moulded plastic storage case**

## 1250 piece Steel Screw/Bolt Kit, No. 10, No. 6, No. 8

RS Stock No.: 528-514

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

From the trusted professional brand, RS PRO, this 1250-piece woodscrew kit includes galvanised BZP steel screws of various sizes with either countersunk or round screw heads and either slotted or cross-recessed Pozidriv drives. These woodscrews are twin-threaded and feature tapered bodies and pointed ends to help them cut their own thread. A pilot hole may be required to help guide the screw into place, especially with longer screws, but this will depend on the application and the material.

### General Specifications
