CARBIDE™
BLADE TECHNOLOGY

0-11-800
Carded 5 blades

2-11-800
Carded 10 blades

8-11-800
Carded 50 Blades

Carbide™ Blade:

The longest lasting blade on the marker

NEW Longest lasting blade on the job site

Improved durability and wear – lasts more than 5 times longer than competitive utility blades

NEW Tungsten Carbide Powder Deposited Through a High Powered Laser

Tungsten carbide durability and hardness is second only to diamond

NEW ONLY a carbide edge allows rest of blade to remain flexible (carbide is much more brittle than steel)

STHT0-11818 5 pack blades	STHT2-11818 10 pack blades	STHT8-11818 50 pack blades
