

## Features

- High tensile steel strength
- Right hand clockwise helix
- Load capacity of 510 newtons
- Secure fastening
- Dry to the touch oil finish for added corrosion resistance

## RS PRO Steel Extension Spring, 69.8mm x 16mm

RS Stock No.: 121-387

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Steel Extension Spring is a heavy-duty product and perfect for any application, no matter the load capacity or operating temperature. It's made of highly magnetic steel music wire for up to 510 newtons of force and can operate at high temperature. Plus, its oil finish is dry to the touch for extra corrosion resistance. Get the reliable performance you need with RS PRO Extension Spring!
