

3PC ROLLING TOOL BOX SET TB-B1S3-B-70R

The ToughBuilt® StackTech® 3PC Rolling Tool Box Set is engineered for Pros to build a system unlike any other and customise it to the needs of every trade.

The StackTech 3PC Rolling Tool Box Set is an all-encompassing solution to organise, store and transport your tools. It includes a Rolling Toolbox for effortless mobility, a Large Tool Box for spacious storage, and a standard Tool Box with 4 removable bins for convenient organisation of smaller tools and hardware.

Rolling Toolbox features 22-cm all-terrain wheels to tackle any environment on the go. Its extendable handle can be removed to ensure the tool box fits effortlessly into tight spaces. The Large and standard tool boxes stack on top of the Rolling Tool Box thanks to its intuitive self-aligning top. An auto-locking interface ensures boxes sit securely, lock into place for transport, and easily unlock with the slide of a switch. A prominent lock indicator lets you know your Stack is safe to move without second guessing.

Each piece is built for high-impact durability with armored corners, a steel-reinforced lid, and IP65 dust and water protection to ensure it can handle the toughest conditions. Dual locking points on each tool box secure tools on and off the jobsite.
