

FEATURES

- **Steel Cable Material:**
Provides durability and strength for long-term use
- **Sheet Metal Housing:**
Offers robust protection and longevity
- **280 mm Length:** Compact design suitable for various setups
- **5 kg Load Capacity:**
Supports a wide range of tools
- **Locking Mechanism:**
Ensures safety and prevents accidental tool release
- **3 m Maximum Travel:**
Allows flexibility and ease of movement
- **Lightweight at 0.6 kg:** Easy to install and handle

RS PRO 280 mm Tool Balancer, 5 kg Load Capacity

RS Stock No: 665-622

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Tool Balancer is designed to enhance productivity and safety in industrial environments by providing a reliable solution for managing tools. With a load capacity of 5 kg and a maximum travel of 3 m, it ensures smooth operation and reduces operator fatigue. Ideal for assembly lines and workshops, this tool balancer helps maintain an organised workspace.
