## RS PRO Lubricant Contact Cleaner 200 ml Contact Cleaner

RS Stock No.: 136-8550

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

The RS PRO 200ml contact cleaner lubricant is designed to remove surface contamination and oxidation from all the metallic contact surfaces. It ensures long-term protection from corrosion and arcing by depositing a thin film of contact lubricant.
