# TNO CERTIFICATION

## CE-Certificate

### Medical Devices

Issued to:

**Princess  
Household Appliances B.V.  
Baronielaan 1, 4818 PA Breda  
The Netherlands**

for Class IIa products falling in the category:

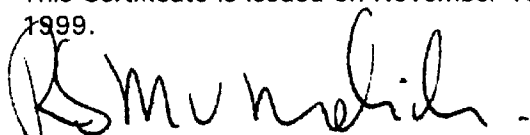

### **Battery operated clinical thermometers**

This certificate is based on the Delivery Conditions of TNO Certification and the Certification History Documentation CHD844.01.

TNO Certification, in its capacity as a Notified Body for Medical Devices, hereby certifies that a conformity assessment of the Class IIa products falling within the product category mentioned above has been carried out in accordance with the relevant provisions of the Council Directive 93/42/EEC concerning medical devices, following Annex VI in combination with Annex VII of this Directive. The examination of the product quality assurance system has been carried out following the requirements of the national legislation to which TNO Certification is subjected. The Certification History Documentation contains information about the products concerned and refers to the documentation containing information about the products and the examinations performed. This Certificate is a replacement of the certificate with number C96-153 issued on January 22, 1996 with the same validity under the delivery conditions.

Manufacturer has the right to use the Notified Body Identification Number 0336 in conjunction with the CE-mark on the products falling within the product category mentioned above and meeting the relevant provisions of the Directive.

This Certificate is issued on November 19, 1997 and expires on January 21, 1999.
