

## ECOSPILL ROOF DIVERTER 15' X 15'

### PRODUCT

Drip diverters capture leaks from roofs and ceilings, directing water away to a drainage point to prevent property damage and eliminate slip hazards. Made from lightweight vinyl-coated fabric with heavy-duty corner grommets for secure ceiling attachment (bungee cords not included), they measure 4572 x 4572mm and weigh just 10 kg. Quick to install, they're ideal for emergency leak control, though drainage hoses must be sourced separately.

PRODUCT NO	DIMENSIONS	QTY	CAPACITY
