

FEATURES

- **Alloy Steel Construction:** Provides exceptional strength and durability, ensuring long-lasting performance
- **830 mm Length:** Offers extended reach and leverage for challenging tasks
- **Claw End Design:** Enhances grip and functionality, making it easier to manoeuvre and apply force
- **ANSI-ESD S20.20:2021 Compliance:** Meets industry standards for safety and reliability
- **REACH Compliant:** Ensures adherence to environmental and safety regulations

RS PRO Alloy Steel Pry Bar, 830 mm

RS Stock No: 555-928

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Alloy Steel Pry Bar is designed for heavy-duty applications where leverage and strength are crucial. With an overall length of 830 mm, this pry bar is ideal for tasks requiring significant force, such as prying, lifting, and aligning heavy objects. Its robust construction ensures durability and reliability in demanding environments.
