RS Stock No.: 0360123

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO Chemical absorbent pads are designed for effective clean up and absorption of most types of industrial fluids, including oils and fuels. The pads are perforated in the middle allowing the user to tear off smaller sections when needed. The pads feature low lint layer on one side, which extends their application to wiping tools and equipment. The light weight version is designed for small spills and for wiping surfaces. It's recommended to use heavy weight version for medium to large spills.
