

FEATURES

- **70W Power Rating:** Provides sufficient power for a wide range of soldering tasks, ensuring efficient operation.
- **500°C Soldering Tip Temperature:** Allows for quick heating and consistent temperature maintenance for precise soldering.
- **Electric Power Type:** Offers a reliable and consistent power source for uninterrupted use.
- **Compatible with 0631069 Soldering Station:** Ensures seamless integration and optimal performance.
- **Type G and Type E Plug Types:** Provides versatility for use in different regions.

RS PRO 70W Electric Soldering Iron, 500°C Temperature

RS Stock No: 631-079

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO 70W Electric Soldering Iron is designed for precision soldering tasks, offering a high-performance solution for electronics assembly and repair. With a maximum temperature of 500°C, it ensures efficient heat transfer for reliable solder joints. Ideal for use with the 0631069 Soldering Station, this soldering iron is perfect for both professional and hobbyist applications.

General Specifications

For Use With	0631069 Soldering Station
Power Type	Electric
Product Type	Soldering Iron
Soldering Tip Temperature	500 °C
Sub Type	Soldering Iron

Electrical Specifications

Input Voltage	230 V
Plug Type	Type G, Type E
Power Rating	70 W

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, CE, REACH, RoHS, UKCA
