

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and longevity.
- **15 mm Length:** Compact size for easy integration into tight spaces.
- **19.05 mm Outside Diameter:** Ensures compatibility with standard housings.
- **14.98 mm Shaft Diameter:** Offers precise fit for optimal performance.

RS PRO Sintered Bronze Plain Bearing, 15 mm Length

RS Stock No: 528-314

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO sintered bronze plain bearing is designed for smooth and efficient operation in various mechanical systems. With a compact length of 15 mm, it is ideal for applications requiring reliable support and reduced friction. The primary benefit of this bearing is its durability and ability to withstand high loads, making it suitable for demanding industrial environments.
