Warranty

The material contained in this document is provided "as is," and is subject to being changed, without notice, in future editions. Further, to the maximum extent permitted by applicable law, Keysight disclaims all warranties, either express or implied, with regard to this manual and any information contained herein, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. Keysight shall not be liable for errors or for incidental or consequential damages in connection with the furnishing, use, or performance of this document or of any information contained herein. Should Keysight and the user have a separate written agreement with warranty terms covering the material in this document that conflict with these terms, the warranty terms in the separate agreement shall control.

Technology Licenses

The hardware and/or software described in this document are furnished under a license and may be used or copied only in accordance with the terms of such license.

Restricted Rights Legend

If software is for use in the performance of a U.S. Government prime contract or subcontract, Software is delivered and licensed as "Commercial computer software" as defined in DFAR 252.227-7014 (June 1995), or as a "commercial item" as defined in FAR 2.101(a) or as "Restricted computer software" as defined in FAR 52.227-19 (June 1987) or any equivalent agency regulation or contract clause. Use, duplication or disclosure of Software is subject to Keysight Technologies' standard commercial license terms, and non-DOD Departments and Agencies of the U.S. Government will receive no greater than Restricted Rights as defined in FAR 52.227-19(c)(1-2) (June 1987). U.S. Government users will receive no greater than Limited Rights as defined in FAR 52.227-14 (June 1987) or DFAR 252.227-7015 (b)(2) (November 1995), as applicable in any technical data.

Safety Notices

CAUTION

A **CAUTION** notice denotes a hazard. It calls attention to an operating procedure, practice, or the like that, if not correctly performed or adhered to, could result in damage to the product or loss of important data. Do not proceed beyond a **CAUTION** notice until the indicated conditions are fully understood and met.

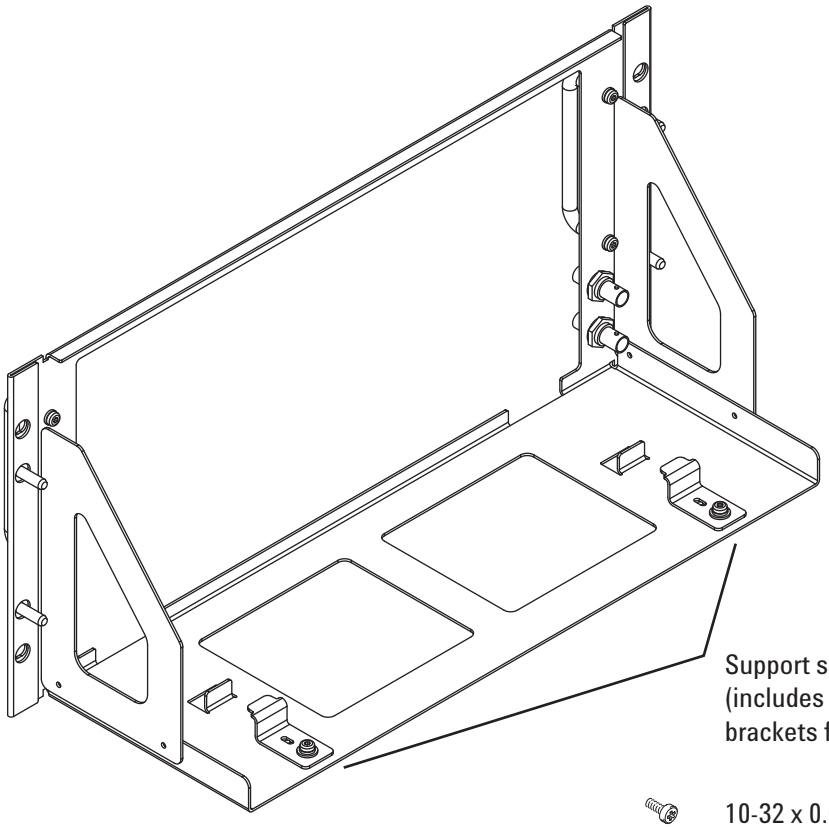

WARNING

A WARNING notice denotes a hazard. It calls attention to an operating procedure, practice, or the like that, if not correctly performed or adhered to, could result in personal injury or death. Do not proceed beyond a WARNING notice until the indicated conditions are fully understood and met.

In This Guide...

This guide contains instructions for installing the 2000/3000/3000T X-Series Oscilloscope Rack Mount Kit. The rack mount kit provides a support shelf and hardware for mounting Keysight 2000/3000/3000T X-Series oscilloscopes into Electronic Industries Association (EIA) standard 19-inch (487-mm) rack cabinets.

The rackmount kit includes the following parts:

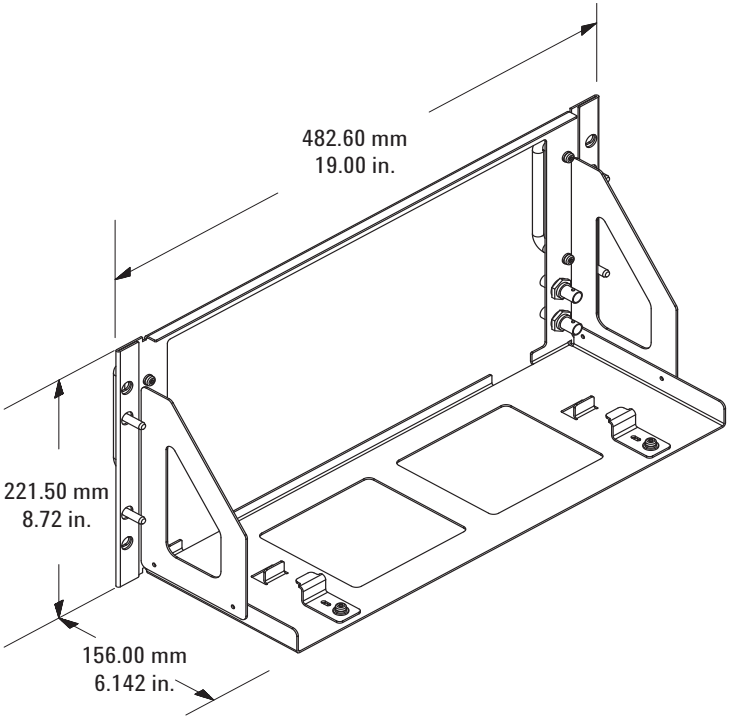

Support shelf assembly (1)
(includes pair of retaining brackets for oscilloscope)

10-32 x 0.625 Phillips dress screw (4)

Sheet metal nut (4)

Here are the dimensions of the support shelf.

Installation

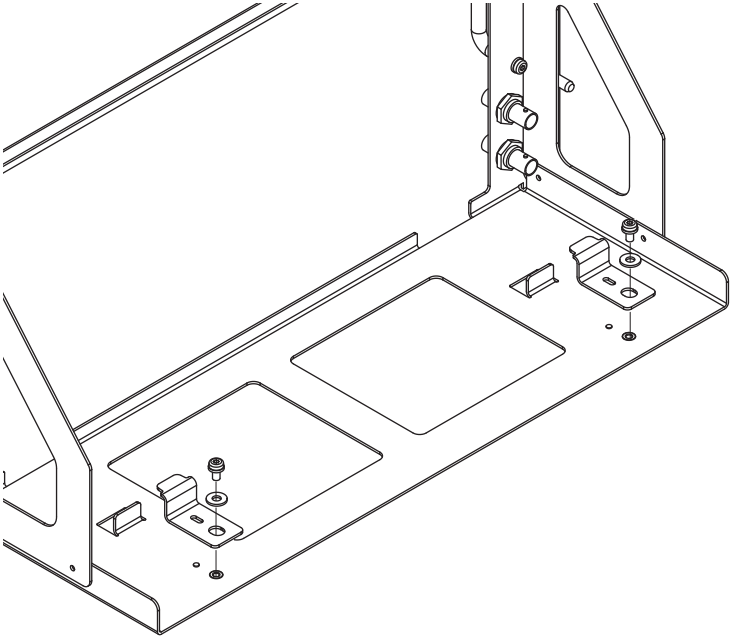

Prepare the support shelf 6
Attach the oscilloscope to the support shelf 7
Install the support shelf 9

You need the following tools to install the rackmount kit:

- T20 TORX driver.
- #2 Phillips screwdriver.

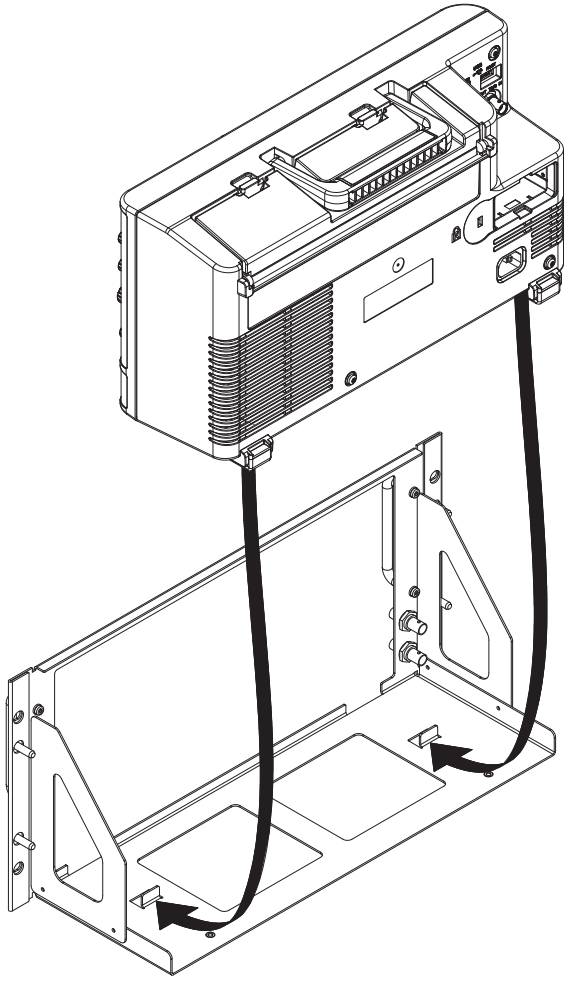

Prepare the support shelf

1 Remove the screws and washers that secure the two retaining brackets. Set the screws, washers, and brackets aside.

Attach the oscilloscope to the support shelf

1 Place the oscilloscope on the support shelf. Slightly raise the rear of the oscilloscope and slide it fully forward until it stops.

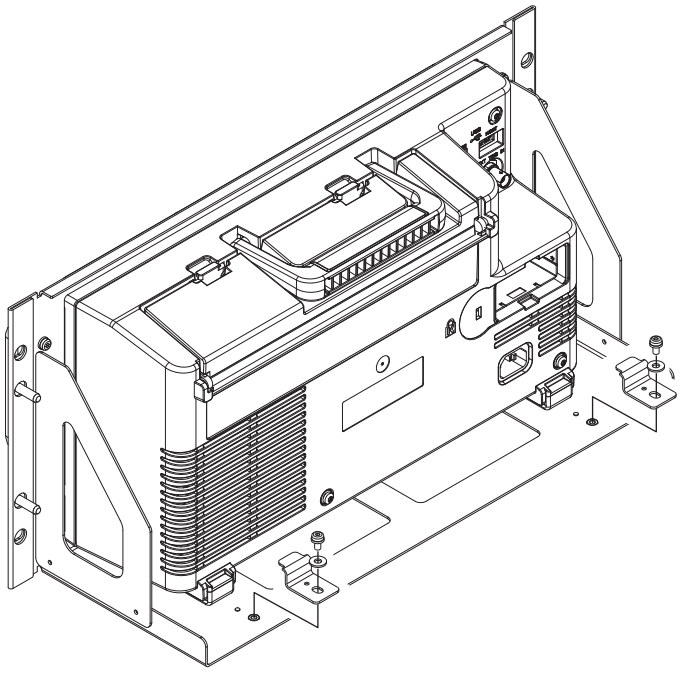

2 Push the oscilloscope fully forward on the support shelf assembly.

3 Install the two retaining brackets and washers that you previously removed:

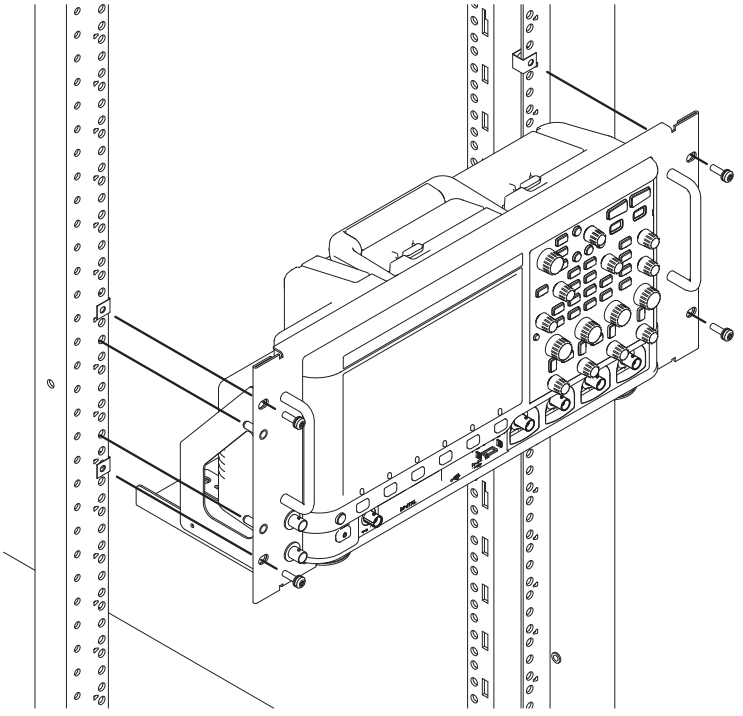

a Push the brackets fully forward until they stop against the oscilloscope's rear feet.

b Secure each bracket using the screw and washer you previously removed.

Install the support shelf

1. Place the four sheet metal nuts at their proper locations in the rack front.
2. Hold the support shelf using the front handles, and using the support shelf guide pins, slide the support shelf into the rack cabinet.

3. Fasten the support shelf to the rack cabinet using four 10-32 dress screws.

This completes the installation.

This information is subject to change without notice.
