LENS MARKING

- **Crown** = Manufacturer Mark
- **Z87+** = Impact rated for Plano product - tested and approved to ANSI Z81.1-2015
- **Lens type**
 - Clear = none
 - Welding = W and Shade number from 1,3 to 14
 - UV filter = U and scale number from 2 to 6
 - Visible light filter = L and scale number from 1,3 to 10
 - IR filter = R and scale number from 1n3 to 10
 - Variable tint = V
 - Special purpose = S

FRAME MARKING

- **Crown** = Manufacturer Mark
- **Z87+** = Impact rated for Plano product - tested and approved to ANSI Z81.1-2015
- **Country of origin** = China

ANSI: guaranteed minimum resistance of the protective eyewear against everyday risks including dropping the protective eyewear onto the ground, ageing by light exposure, exposure to heat or corrosion etc.

Maximum protection for glasses. Use for high speed particles at extreme temperatures.

Bollé Safety product approval certificates to ANSI standards will be sent on request.

WARNING: Reproductive Harm – www.P65Warnings.ca.gov

TECHNOLOGY

ESP

ESP for "Extra Sensory Perception". An innovative coating to reduce dazzle and the harmful effects of blue light. ESP filters 57% of blue light, transmits 64% of visible light, 99.99% of UVA/UVB.

PLATINUM

This permanent coating on both sides of the lens gives them a high resistance to scratching (1.4 cd / m²), to the most aggressive chemicals and delays the onset of fogging for 2 minutes. In all circumstances and at all times the PLATINUM lens innovation guarantees your eyes improved protection.

POLARIZED

A technology approved for permanent wear and certified with perfect optical quality, it offers unbeatable comfort by filtering glare and reflections. Ideal for the maritime environment. Filters 99.99% of UVA/UVB.

CSP

This innovating coating is an effective solution for all activities that alternate exposure to bright light and low light, while also being suitable for extreme hot and cold temperature environments. CSP is also combined with the exclusive PLATINUM® coating that sustainably combats fogging.

CLEANING AND STORAGE

CLEANING: The lenses should be cleaned regularly. Bollé Safety recommends only using the B-clean lens cleaning system.

MAINTENANCE: Pitted, scratched or damaged lenses must be replaced by replacing the complete product. If the frame is damaged also replace the complete product. After each use it is recommended to keep the glasses or goggles in a microfiber pouch or rigid case.

STORAGE: All products must be stored in a dry and clean environment.
