

Datasheet

6 pole Female XLR Unified Panel-mount Socket, Nickel finish

Stock No: 2085183

Technical Specifications:

Model:	2085183:
No. of Poles	6
Length	30mm
Insulation Material	Zinc Alloy
Current Rating per Contact	7.5A
Voltage Rating	50V
Contact Plating	Silver plated
Colour	Nickel
Connector Type	XLR
Connector Format	Socket
Gender	Female
Termination Method	Solder

Features & Benefits:

- XLR Socket
- 6 pole Female
- Application: Audio, Consumer Electronics
- Silver plated contacts

RS Pro brings you a comprehensive range of quality XLR Connectors. XLR connections are frequently used to terminate patch cords for Audio equipment, test equipment and many installation applications.
