The devices covered under this category are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. THE FINAL ACCEPTANCE OF THE COMPONENT IS DEPENDENT UPON ITS INSTALLATION AND USE IN COMPLETE EQUIPMENT SUBMITTED TO UNDERWRITERS LABORATORIES INC.

USE

This category covers lampholders for lamps which employ other than the usual screw-shell bases or are designed for specialized uses.

REQUIREMENTS

The basic standard used to investigate products in this category is UL 496, "Edison-Base Lampholders."

UL MARKING

Components Recognized under UL's Component Recognition Program are identified by markings consisting of the manufacturer's identification and catalog, model or other product designation. In addition, components which are produced under the UL Component Recognition Program may also bear the Recognized Component Mark .

The Listing or Classification Mark of Underwriters Laboratories Inc. is not authorized for use on, or in connection with, Recognized Components. Only those components which actually bear the "Marking" should be considered as being covered under the Component Recognition Program.
