

FEATURES

- **Bevelled Edge:** Allows for precise and clean cuts in electronic components
- **Bi-Material Dolphin Handle:** Provides a comfortable and secure grip, reducing hand fatigue
- **High Carbon Steel Jaws:** Ensures long-lasting durability and reliable cutting performance
- **ESD Safe:** Protects sensitive electronic components from electrostatic discharge
- **Overall Length of 138 mm:** Compact design for easy handling and manoeuvrability

RS PRO Bi-Material Dolphin Handle Bevelled-Edge Cutter

RS Stock No: 616-317

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO bevelled-edge cutter is designed for precision cutting in electronic applications. With a bi-material dolphin handle, it offers enhanced grip and comfort, making it ideal for extended use. The high carbon steel jaws ensure durability and a maximum cutting capacity of 2.05 mm, providing efficient performance for various tasks.

General Specifications

Application	Electronic Applications
Cut Type	Bevelled Edge
Handle Material	Bi-Material Dolphin
Height Safe	No
Jaw Material	High Carbon Steel
Product Type	Bevelled-Edge Cutter
Sub Type	Bevelled Cutting Edge

Protection Category

ESD Safe	Yes
Non-Sparking	No
VDE/1000V Approved	No

Mechanical Specifications

Maximum Cutting Capacity	2.05 mm
Overall Length	138 mm

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
