HEAVY DUTY OVERSHOES/SHOE COVERS WITH A PVC SOLE (BOXED IN 200's - 100 PAIRS)

www.blueboxsocks.co.uk

We found that High Quality Heavy Duty overshoes with a strong PVC sole were too expensive to purchase in the UK, so we created our own, using our own Blue Box GB brand. We can now provide great quality Overshoes at a much lower prices than many other suppliers in the UK

Made from spunbonded polypropylene fabric (SPP) coated with breathable polyethylene film, these garments have been designed to optimise barrier protection, cleanliness, and comfort properties.

Non skid and anti-static—Clean / Low linting fabric / Impervious to fluids / Superior coefficient of friction to ensure maximum traction / Maximum skid resistance on wet and smooth surfaces

Detailed Specification:

Material: Laminate 53g/m2 white (Spunbonded Polypropylene Fabric + Polyethylene Fabric)

Break Tensile Properties (N): MD=71.70, CD=87.70 (GB/T3923.1-1997)

Elongation Rate (%):MD=96.10, CD=90.10 (GB/T3923.1-1997)

Trapezoid Tearing Strength (N): MD=889.32, CD=765.53 (FZ/T01085.1-1999)

Other Characteristics: Latex Free
