

## FEATURES

- **Conical tip shape:** Provides precision and control for intricate soldering tasks
- **0.4 mm tip width:** Allows for detailed work on small components
- **7.5 mm tip length:** Offers extended reach for hard-to-access areas
- **0° tip angle:** Ensures consistent contact with surfaces for even heat distribution
- **ANSI-ESD S20.20:2021 compliance:** Meets industry standards for electrostatic discharge safety
- **REACH and RoHS compliant:** Ensures environmentally friendly and safe use

## RS PRO 0.4mm Conical Soldering Iron Tip, 7.5mm Length

RS Stock No: 631-930

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Soldering Iron Tip is designed for precision soldering tasks, offering a conical shape that ensures accuracy and control. Ideal for use with the 492-303 Soldering Station, this tip is perfect for detailed electronic work where precision is paramount.

## General Specifications

For Use With	492-303 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T990
Tip Shape	Conical

## Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

## Mechanical Specifications

Tip Length	7.5 mm
Tip Width	0.4 mm
