

Notice : BOLÉRO 41 11 90 70

ISO 11611 :Classe 2
A1+A2

ISO :11611

MECHANICAL PERFORMANCE :

- ISO 13688: 2013/ A1: 2021
- ISO 11611: 2015 Classe 2 A1+A2
- In compliance with EU Regulation 2016/425, Declaration available at: guyard-sa.com

Description :

Bolero made from bovine leather, first layer of natural grain leather, chrome-tanned.
Officer collar in natural sheepskin, vegetable-tanned.
Elastic cuffs for a snug fit.
Invisible front closure with three snap buttons.
Stitched with flame-retardant para-aramid thread.
Back height: approximately 36 cm.
Removable apron made from bovine first layer leather, fastened at the back with a metal buckle.
Attachment system to the bolero with six snap buttons.

Recommendations:

Suitable for welding, grinding, and blasting operations, according to the specified class.
The garment offers limited flame propagation protection, protection against small splashes of molten metal, radiant heat, and brief accidental electrical contact.
Front arm, torso and leg protection
Shelf life: 5 years from the date of manufacture.

Protection Limitations :

Class 2 protective clothing for welding and related techniques.
Not suitable for handling chemicals or liquids.
This garment should not be used in welding activities that do not require protection of the lower back.
For full and adequate protection against risks encountered by welders, other PPE covered by different standards should be worn to protect the head, face, hands, and feet.

Packaging, Care & Maintenance, Storage (translated):

The garment is packaged individually. No special maintenance is recommended. It is advised to store the products in a place that is protected from light, cool, dry, and well-ventilated.

Before each use, visually ensure the garment does not show any defects, holes, tears, or wear. If the user experiences symptoms similar to sunburn, UVB rays are passing through. In that case, the garment should be repaired or replaced, and more resistant protective layers should be considered

Recycling :

The product should be safely disposed of either through mechanical destruction or incineration.

Marking :

The CE marking on this bolero indicates compliance with the essential health and safety requirements of European Regulation 2016/425 concerning personal protective equipment (PPE).

Safety :

We declare that the product does not contain substances at levels known or suspected to have harmful effects on the user's hygiene or health under foreseeable usage conditions. Its design ensures that it does not cause irritation or discomfort to the wearer.
