

FEATURES

- **8 RJ45 Ports:** Allows for multiple device connections, enhancing network scalability.
- **DIN Rail Mounting:** Easy integration into industrial settings, saving space and ensuring secure installation.
- **Supports 10/100/1000 Mbit/s:** Provides flexible network speed options to accommodate various data transfer needs.
- **Compact Design (114.9 mm x 41.3 mm x 99.3 mm):** Fits into tight spaces, making it suitable for constrained environments.
- **Standards Compliant:** Meets ANSI-ESD S20.20:2021, CE, RoHS, REACH, UKCA, UL62368-1, and WEEE standards, ensuring safety and reliability.

RS PRO 8 Port Ethernet Unmanaged Network Switch

RS Stock No: 694-306

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO 8 Port Ethernet Unmanaged Network Switch is designed to facilitate seamless data communication in industrial environments. With its robust construction, this switch is ideal for powering devices such as IP cameras and wireless access points, ensuring efficient network management.

General Specifications

Desktop/Rack Mount	DIN Rail
Network Speed	10, 100, 1000 Mbit/s
Number of Ports	8
Number of RJ-45 Ports	8
Number of RS-485 Ports	0
Number of USB Ports	0
Product Type	Network Switch
Switch Type	Ethernet Unmanaged Switch

Mechanical Specifications

Depth	114.9 mm
Height	99.3 mm
Width	41.3 mm

Electrical Specifications

Power Over Ethernet	No
---------------------	----

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, CE, RoHS, REACH, UKCA, UL62368-1, WEEE
---------------------	--
