

Features

- BNC Male
- RG-58A/U Coaxial Cable
- 50 Ohm
- Black

RS PRO 2m RG-58 Coaxial BNC Cable

RS Stock No.: 0839416

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

The BNC connector is used for RF signal connections, for analogue and Serial Digital Interface video signals and CCTV equipment. It is also an alternative to the RCA connector when used for composite video on commercial video devices.
