

Datasheet

Test Leads 5000V

RS Stock number 423-3197

High voltage leads

For use up to 5000 V.

The leads are fitted with a connector featuring a 4 mm safety banana plug at each end.

These accessories are intended for measurements up to 5000 V.

Maximum allowable current:	10 A
Operating voltage:	5000 V max. in accordance with IEC 1010 pollution level 2
Length of connection leads:	1 metre

Specifications

Colour:	Red
Connector Size:	4mm
Connector Type:	Banana plug
Current Rating:	10A
Length:	1m
Voltage Rating:	5000V
