|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------|
| <b>Objective:</b>             | Substrate supplier change for SFH 7072                                                                                                                                                                                        |                                                                     |
| <b>Affected products:</b>     | SFH 7072                                                                                                                                                                                                                      |                                                                     |
| <b>Reason for change:</b>     | The current substrate Supplier A decided to close down and exit the substrate business. Therefore, the qualification of the new substrate supplier - Supplier B is mandatory to ensure continuous uninterrupted supply chain. |                                                                     |
| <b>Description of change:</b> | <u>Current status</u>                                                                                                                                                                                                         | <u>New status</u>                                                   |
|                               | Supplier A is the qualified substrate supplier for SFH 7072                                                                                                                                                                   | New substrate supplier – Supplier B has been qualified for SFH 7072 |
| <b>Time schedule:</b>         | Beginning of Q226                                                                                                                                                                                                             |                                                                     |
| <b>Assessment:</b>            | Low reliability risk. The change does not have impact to form, fit and function of the product.                                                                                                                               |                                                                     |
