

Features

- **Heavy-Duty Steel Cover** – Ensures **maximum durability** and protects against **continuous impact wear**.
- **Long-Term Resilience** – Built for high-traffic environments, ensuring extended service life.
- **Sloped Top Design** – Prevents trailer overrunning, minimizing risk of damage.

RS PRO 3 Part Dock Bumper 670mm Length x 350mm Width x 140mm Height UHMWPE

Vendor Partcode.: 0688190

RS PRO is our own brand range and brings you a wide range of high-quality, great value products offering you more choice. Trusted by engineers all over the world, every part of every RS PRO product has been rigorously tested against demanding industry standards; they're only given the RS PRO Seal of Approval if we're confident of their exceptional quality, which means you can be confident too.

Product Description IBUTE

The RS PRO Steel Heavy Duty Dock Bumper is designed to offer unparalleled protection for loading bays, warehouses, and industrial docks, ensuring long-term safety and durability in high-impact environments. Engineered to absorb heavy vehicle impacts, this bumper is an essential addition for facilities handling frequent trailer docking and loading operations.

Built with premium-grade materials, including a high-strength steel cover, the bumper provides exceptional resistance to wear and tear, minimizing surface damage and preventing costly repairs. The compression design allows for efficient shock absorption, dispersing impact forces to safeguard dock levellers, vehicles, and surrounding structures.

Robust Construction for Industrial Strength Protection

Unlike conventional dock bumpers, this heavy-duty steel model is specifically crafted to withstand rigorous use in high-traffic areas, ensuring long-term resilience without compromising performance. The steel cover enhances its strength, preventing premature deterioration, while its sloped top design prevents overrunning trailers from causing excessive structural damage.

Specifications

Material	Steel
Colour	Silver
Length	670mm
Width	350mm
Height	140mm
Weight (Kg)	65

Approvals

Standards Met	REACH
