Product Description

RS PRO ESD Technical Trolley is a robust and highly adaptable solution for workshops, laboratories, and service centers.

It features vertical adjustable columns for precise shelf height and angle adjustments. Steel shelves (min. 1.5 mm thick) can be mounted in reverse to create a flat work surface, increasing functionality.

The solid steel construction ensures long-term durability and resistance to damage.

Standard dimensions: 900×625 mm, height adjustable from 645 to 945 mm. Custom configurations available on request.
