RS PRO Display Port Male to D-sub, 15-Pin (VGA) Female Network Adapter

RS Stock No.: 790-3634

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This network adapter connects a computer or laptop with DisplayPort output to a monitor or projector with VGA input using a VGA male-male cable. This allows you to transmit high-definition video from one device to the other. Keep in mind that the adapter works in one direction only and that the DisplayPort plug must be connected to the main device.
