RS Pro Ceiling PIR Detector

RS Stock No: **796-2093**

Product Details

RS Pro ceiling PIR detector is an adjustable and fixed microwave presence/absence detector, which provides automatic control of lighting loads with optional manual control. This IP40 rated unit can be used on incandescent, fluorescent and compact fluorescent lighting and has the added benefit of being able to connect to an external switch. An integral IR sensor in the unit allows the remote control of both the output lux levels and lights on/off override using the optional user handset. It is ideal for offices and warehouses.

Features and Benefits

- PIR Sensor detects movement
- Receives commands from an IR handset
- Light level sensor measures light level
- IP40 rated
