Product Description

The Superior 1 ESD Chair is a professional solution designed for environments where electrostatic discharge (ESD) control is essential. Engineered with a focus on ergonomics and safety, it provides a high level of comfort during long working hours. Its aesthetic design and robust construction make it suitable for production lines, service areas, and modern office spaces alike.

Product Features:

- ✓ **Ergonomic seat with high-resilience foam** – ensures elevated seating comfort and supports healthy posture
- ✓ **Adjustable seat height, backrest height, and tilt angle** – allows for a fully personalized ergonomic setup
- ✓ **Durable aluminum five-star base** – offers stability and long-term durability, even under heavy use
- ✓ **Wear-resistant ESD-safe upholstery** – helps prevent the buildup and discharge of static electricity
- ✓ **Conductive castors (0665661)** – rubber-coated to protect flooring and maintain mobility across various surfaces
- ✓ **Easy-care materials** – available in a range of fabric options that are resistant to dirt and easy to clean

Applications:

The Superior 1 ESD Chair is an excellent choice for laboratories, production areas, and technical service centers where reliable electrostatic protection is a priority. Thanks to its ergonomic design and high comfort level, it also fits well in modern office environments, providing support throughout extended work sessions. Our ESD chairs are trusted by industries including electronics, automotive, general manufacturing, medical, pharmaceutical, and defense.
