

FEATURES

- **Sintered Bronze Material:** Offers high strength and excellent wear resistance, suitable for demanding environments
- **8 mm Length:** Compact size for easy integration into various assemblies
- **14.04 mm Outside Diameter:** Ensures compatibility with standard housings
- **7.98 mm Shaft Diameter:** Provides a precise fit for optimal performance

RS PRO Sintered Bronze Plain Bearing, 8 mm Length

RS Stock No: 528-260

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO sintered bronze plain bearing is designed for applications requiring reliable and efficient rotational movement. Ideal for use in machinery and equipment, it provides excellent performance with minimal maintenance. The primary benefit of this bearing is its ability to reduce friction and wear, ensuring longevity and smooth operation.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	7.98 mm

Mechanical Specifications

Length	8 mm
Material	Sintered Bronze
Outside Diameter	14.04 mm
