

## FEATURES

- **Chisel Tip Shape:** Provides a broad contact area for effective heat distribution and soldering precision.
- **2.4 mm Tip Width:** Ideal for medium-sized soldering tasks, balancing precision and coverage.
- **0° Tip Angle:** Ensures consistent contact with the work surface, enhancing control and accuracy.
- **13 mm Tip Length:** Offers reach and flexibility for various soldering applications.
- **Compliance with ANSI-ESD S20.20:2021:** Ensures electrostatic discharge protection, safeguarding sensitive components.
- **REACH and RoHS Compliant:** Meets environmental and safety standards, ensuring safe use and disposal.

## RS PRO 2.4mm Chisel Soldering Iron Tip, 13mm Length

RS Stock No: 631-080

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Soldering Iron Tip is designed for precision soldering tasks, offering a reliable solution for both professional and hobbyist applications. Compatible with the 0631068 Soldering Station, this chisel-shaped tip ensures efficient heat transfer for optimal soldering performance.

## General Specifications

For Use With	0631068 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T60
Tip Shape	Chisel

## Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

## Mechanical Specifications

Tip Length	13 mm
Tip Width	2.4 mm
