

ZENITH PRODUCT UPDATE

Trigger Bottles

New high quality trigger bottles

As part of our on-going effort to improve service to our customers, we have worked on a project to consolidate and improve the trigger bottles offered within the Group.

The benefits of this consolidation process:

- One re-usable trigger bottle to choose from
- Enhanced, higher quality trigger bottle
- Consistent approach to dosing and dispensing
- New professional design

NEW style Cleaner Descaler Trigger Bottle

What's new?

Enhanced Heavy Duty Mould

We know the importance of having a reliable and sturdy reusable bottle is, that's why our new bottle is high specification.

CLP Compliant

The entire range of bottles include relevant H&S information including CLP hazard symbols.

Traffic Light System

Our unique and universal colour coding traffic light system is included, easily identifying to the end-user the hazard in use.

Heavy Duty Trigger Head
Ergonomically designed to fit the hand perfectly.

Adjustable spray pattern, for multiple uses and locking nozzle. Additional colours are available should you wish for example to colour code for Raw and Cooked meat areas.

New improved design

We've worked on the design to ensure that all the important information is clear and easy to read. This includes strong typeface for ease of use.

Colour Coding

As part of our new SafeDose Range, all trigger bottles are colour-coded for ease of use for all end-users.
