

250mm (10") Saw Chain, 3/8" LP, .043" (191H00-0)

The Makita® (191H00-0) 10" 250mm Saw Chain, 3/8" LP, .043" Saw Chain is ideal for professional, commercial or occasional users. This low-vibration saw chain is designed for improved comfort when cutting. Twin cutting corners provide improved cutting performance and durability. Oil holes help carry oil around the full length of the guide bar for improved lubrication. It installs quickly for operator convenience

- Narrow kerf reduces width of cutting face resulting in the saw chain moving through the cut faster than a standard kerf
- Low profile chain for increased cutting efficiency
- Twin cutting corners for improved cutting performance and durability
- Top-plate filing indicators makes sharpening easier
- Oil holes help carry oil around full length of guide bar for improved lubrication
- Low vibration saw chain ideal for improved comfort when cutting
- For use with Makita Cordless Chain Saw model UC002G
