

# Geberit pressure test plug for pipe end

Example image

## APPLICATION PURPOSES

- For Geberit FlowFit
- For Geberit PushFit
- For temporarily closing Geberit system pipe ML pipe ends during the pressure test

- For temporarily closing Geberit system pipe PB pipe ends during the pressure test
- For pressure tests with cold water up to 25 bar / 2500 kPa
- For pressure tests with air up to 3 bar / 300 kPa

## CHARACTERISTICS

- Reusable
- O-ring made of EPDM

## TECHNICAL DATA

Product material Brass CW617N

| Art. no.     | d, ø<br>mm | Rp<br>" |
|--------------|------------|---------|
