RS Pro Serial Cable Assembly 2m Male to Male, DB25 to DB25

Product Details

File Transfer Cables/Adaptors

PC users utilising LAPLINK™ utilities software can use the 'Y-Y' serial link shielded cable (243-0302) to make the physical link between PCs. The Windows 95 cable assembly is specifically configured to allow file transfer via the 25-way D parallel port of computers working within the Windows 95 operating system.

Specifications:

Connector A	Male DB25
Connector B	Male DB25
Length	2m
