

Cordless optical mouse with USB receiver

Cordless optical mouse (no ball) with new BATTERY-FREE induction technology.

Receiver in mouse pad format for connection to the USB port of the computer using the 1.5-m cable.

Mouse is powered by placing it on the mouse pad.

The low-emission induction charger allows more than 100 mice on the same desk.

No batteries required.

Light, highly sensitive mouse with two buttons and silent scroll wheel.

Compatible with Windows 98 SE / Me / 2000 / XP / 2003 and Mac OS 9x and 10x.
