

PRODUCT FEATURE & BENEFITS

779.889SPPB / COMPACT HANDY LIGHT

1. TORCH LIGHTING – SMD LED / 150 Lumens

Offers focused, portable, and precise illumination, making it a practical tool for automotive or industrial maintenance and everyday users who need reliable, on-the-spot lighting.

2. POCKET CLIP + MAGNET

Allows to securely attach the light to pockets, belts, or notebooks, keeping it easily accessible and preventing loss while the magnet attach the light to any metal surface, freeing up hands for work and improving safety and efficiency.

6. Aluminium Body

Strong design for more durability.

3. Run time up to 3 hours

Offers extended, reliable, and convenient illumination, making it suitable for both professional and everyday use without frequent interruptions.

Supplied with USB-C cable

4. FRONT LIGHTING - CMD LED / 75-150 Lumens

Provides a focused beam straight ahead, making it ideal for illuminating the exact spot you are pointing at, which is essential for inspections and detailed work.

5. 360° adjustable

Enhances the portability, accessibility, and hands-free functionality, making it more versatile and user-friendly for a variety of tasks and environments.
