

Features

- Rugged and hard warring
- Continous operating temperature of -55°C to 110°C
- Adhesive lining provides a watertight seal
- Offers strain relief and mechanical protection
- Excellent chemical and abrasion resistance
- Shrink ratio >2:1
- Dielectric strength 12 kV/mm
- Installation temperature 125°C

RS PRO End Cap Black, Polyolefin Adhesive Backing

RS Stock No.: 765527, 765528, 765529, 765530, 765531, 765532

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS Pro PLCE 100A heat shrinkable cable end caps are commonly used to seal the ends of paper, plastic, or rubber insulated wires and cables. They are manufactured from a polyolefin material and internally lined with a hot-melt adhesive to provide a watertight seal against the damage caused by the ingress of water, dirt, or other corrosive materials.

General Specifications

Article Number	MPN	Ordering Size (mm)
765527	PLCE100A-12/4	12.0
765528	PLCE100A-25/8	25.0
765529	PLCE100A-35/11	35.0
765530	PLCE100A-55/25	55.0
765531	PLCE100A-75/35	75.0
765532	PLCE100A-100/45	100.0
