

IMPACT WRENCH 1/2'XR 18V 5AH LI-ION BRUSHLESS 812 NM SAFETY RING - SAFETY STRAP

- Safety strap: attachment point fixed during manufacturing to secure the tool and
- the battery. The strap is easily attached and removed, even with gloves. Range
- robust thanks to a single fixing point equipped with self-locking fasteners.
- • Performance: breakaway torque up to 1084 Nm ensuring the
- withdrawal of the tightest bolts
- • Compact and lightweight bolter for reaching hard to reach bolts
- • Variable speed trigger: risk of excessive tightening reduced
- • Touch selection function 4 modes including precision mode
- • Work area lighting: bright white LED with time-delay function
- • Ergonomic design of the handle with a comfortable grip
- • Brushless motor: more power, efficiency and durability
