

FEATURES

- **Sintered Bronze Material:** Provides high strength and wear resistance, ensuring longevity.
- **10 mm Length:** Compact size suitable for limited space applications.
- **14.04 mm Outer Diameter:** Fits precisely into standard housings for easy installation.
- **9.98 mm Shaft Diameter Compatibility:** Ensures a snug fit for optimal performance.

RS PRO 10 mm Sintered Bronze Plain Bearing, 14.04 mm Outer Diameter

RS Stock No: 528-279

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for applications requiring reliable and efficient rotational movement. Made from sintered bronze, it offers excellent durability and performance in various industrial settings. Ideal for supporting shafts with a diameter of 9.98 mm, this bearing ensures smooth operation and reduces friction.
