High-quality Wera screwdriver for TORX® socket screws. With holding function: Features an optimised geometry of the Torx profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that the screw is securely held on the tool! Multi-component Kraftform Plus handle for a high working speed and ergonomic screwdriving without blisters and calluses. Hard materials to ensure rapid hand repositioning without any danger of the skin sticking to the handle. Soft zones ensure high torque transfer. With non-roll feature to prevent any rolling away at the workplace. With screw symbol and tip size identification markings on the handle to make it easier to find the right screwdriver in the tool case or at the workplace.
