Category title

Flat nozzle

Connection

Fits directly onto the tube, for blow gun 208 and 209

Standards

OSHA STD 01-13-001

Description

Flat nozzle provides a larger spray coverage and is ideally used for cleaning dust, dirt or water from a larger surface.

Air & fluid guns accessories

Removable accessories for Series 208, 209 and MultiFLOW blow guns. Various tubes and nozzles are available to meet specific application requirements.

Check with an authorized CEJN distributor for availability and prices. All measurements are in mm. Other connections and sealing material on request. Some part numbers may be subject to minimum order quantities. CEJN reserves the right to make changes without further notification. Thread connections are listed according to ISO standards, unless stated otherwise.
