STANLEY® 18mm Integrated Snap Wheel Lock Knife

**STANLEY®**

5054905313715

### Product Description :

The STANLEY® 18mm Snap-Off Knife with Wheel Lock features a unique blade-snapping mechanism that allows quick, easy and safe blade snap with one hand, without the need to use a separate tool or accessory. Simply line up the blade to the snap line, securely snap it off with the lift-and-push lever and continue to cut with a new sharp edge. This innovative knife is ideal for a wide range of professional trade applications, such as cutting plasterboard, insulation, wallpaper, and other materials. It is manufactured with a hard-wearing stainless-steel blade barrel and has been tested to 2,000 snaps. Designed for comfort and convenience, the knife features an optimised ergonomic bi-material handle, providing additional grip, and minimising the risk of slippage. The optimised design ensures an excellent cutting experience. This model is equipped with a slide lock mechanism for quick and intuitive blade depth setting. A rugged bi-material handle and magnetic blade loading make operation intuitive and simple, while a built-in tethering loop ensures convenient storage, plus increased security when working at heights. The STANLEY® Snap-Off Knife range is supplied with a 1095 Carbon Steel blade as standard.

### Product Features and Benefits :

- **UNIQUE BLADE-SNAPPING MECHANISM:** For quick, easy and safe blade snap without the need for additional tools – designed for single-handed operation.
- **ONBOARD SNAP LINE INDICATOR:** Helps to align the blade correctly to ensure a clean and effortless break.
- **NEW SHARP EDGE EVERY TIME:** When the blade loses sharpness, just line up the blade, snap and continue with a new sharp edge.
- **IMPROVED BLADE DEPTH CONTROL:** Slide lock enables quick and intuitive blade depth setting.
- **MAGNETIC BLADE LOADING:** Magnetic blade loading ensures additional safety and simple operation.
- **COMFORTABLE TO USE:** Ergonomic bi-material handle provides additional grip and minimises slippage.
- **TETHERING LOOP:** Built-in tethering loop ensures convenient storage and increased security when working at heights.
- **OUT THE BOX READY:** Supplied with a STANLEY® 1095 Carbon Steel blade and compatible with other STANLEY 18mm snap-off blades.
