

Item No. 04382

SIP 50L Silenced Compressor

Item No. 04382

SIP 50L Silenced Compressor

Features & Benefits

Fan-cooled twin cylinder motor / pump unit

4-pole slow-running brushless induction motor for extended life

Pressure cut-off switch and air regulator

Wheel kit and handle for easy manoeuvrability

Oil-free for clean air supply

Low noise - only 59dB(A)!

Item No.	04382
Input Supply	230v 50Hz
Motor Power	1.3hp (1kW) 4-pole
Receiver Size	50litres
Piston Displacement	7.30CFM
Free Air Delivery	5.40CFM
Max. Air Pressure	116psi (8bar)
Noise Level	59dB(A)
