

Ibico 1214X Semi-Professional Print Calculator

The compact Ibico 1214X Print Semi-Professional Calculator is adaptable for use on your desktop with a mains adaptor or with batteries. It prints in black and red at 2.4 lines per second and has an angled 12-digit LCD display. With a choice of time or date on the display plus print or non-print modes, it's one of the most versatile printer calculators available.
