

Endress+Hauser Modem FXA195-G1

Intrinsically safe HART/USB interface for Smart transmitters. Commubox FXA195 modem converts HART protocols to USB signals.

Picture for reference only. Product appearance may vary based on configuration

The Commubox FXA195 modem connects HART logged, intrinsically safe measuring devices to the USB interface of a Windows system. This makes the remote operation of the transmitters possible with the aid of the Endress+Hauser FieldCare software. Power is supplied to the Commubox by means of the USB interface.

- Connects intrinsically safe Smart transmitters with HART protocol to the USB port of a personal computer or laptop
- Remote commissioning of field devices
- Full support for FieldCare software

Configuration of FXA195-G1:

Approval:	G	ATEX+EAC+UK II (1) G [Ex ia Ga] IIC ATEX+EAC+UK II (1) D [Ex ia Da] IIIC
Additional Option:	1	Basic version

Alternative part number: FXA195-G1
