RS Pro Steel Cage Nut M5

RS Stock No: **523-115**

Product Details

RS Pro caged nut has a zinc plated galvanised steel construction for corrosion resistance. In this the steel nut is held captive inside a spring-steel cage. This nut is suitable for mounting front panels to slide systems, instrument housing and etc. The nut measures 9.53 x 9.53 mm cut-out dimension and has M5 threading for tight fitting.

Features and Benefits

- Steel nut is held captive in a spring-steel cage, both zinc plated
- Suitable for mounting front panels to slide systems, instrument housings, etc.
- Two different thread sizes in two versions for different material thickness
- Made of galvanised steel and holding capsule is made from galvanised spring steel
- Ideal for use with front panel screw

Specifications:

Cut-Out Dimensions	9.53 x 9.53 mm
Cut-Out Length	9.53 mm
Cut-Out Width	9.53 mm
Finish	Zinc Plated
For Panel Thickness Maximum	2.64 mm
For Panel Thickness Minimum	1.83 mm
Material	Steel
Overall Width	13.72 mm
Thread Size	M5
