RS Pro Elbow Male 1/2in, 1/2 in BSP Male, nylon

Product Details

Elbow Connector

These taper thread connectors have a taper screw on one end and a push-on hose connector on the other end. The hose sits securely due to the ribbing of the push-on connector. The 3 available thread types are coloured as followed, Metric taper thread (light grey), Whitworth pipe thread (anthracite) and NPT thread (black).

Plastic Push Fittings

- Polyamide, tough, lightweight, good impact and wear resistance
- Male BSPT, deep moulded ribs, allow use of hose clips, positive sealing
